

## **President's Report 2023 - Addendum.**

**Rationale** When I wrote the president's report for 2023, two items below had not occurred; so I am adding these in this addendum.

- **Region Appreciation Award.** The Region acknowledges **Edith Campbell** via a region appreciation award. The citation notes her nearly 60 years of service and teaching for the Region, the founding of Seatoun Club, teaching at many levels and being involved in significant organization. Thank you, Edith!!
- **Lower North Island Centenary Ball** This event has occurred on the 3<sup>rd</sup> November and was a memorable occasion celebrating the Centenary of the RSCDS, particularly through New Zealand's contributions. There were over 130 people attending this splendid event; including the Branch President and the President Elect. Most of the longstanding Wellington tutors were honoured as they briefed dances for the occasion. Edith's Region Appreciation Award was presented during the Ball.

**Rod Downey, 7 Nov. 23.**
